RE: Reno Colletti and John Hunter
DBA: CASTLE CONSTRUCTION

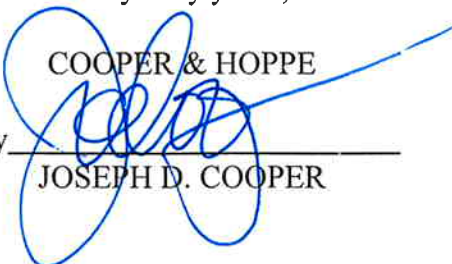

In the late fall of 2004, Castle Construction took on the very complex and difficult task of remodeling our building located at 929 L Street in Fresno.

Since the building is very old, there were various structural challenges encountered throughout the remodeling process, and Castle Construction was able overcome said challenges in a timely and satisfactory manner.

During the entire process of the remodel, both Reno Colletti and John Hunter were easily accessible and prompt to address any problems or questions that arose.

We at Cooper & Hoppe Law Firm are extremely pleased with the outcome of our building and highly recommend Castle Construction to anyone considering a building project.

Very truly yours,

COOPER & HOPPE
